

# AUTHORIZED DISTRIBUTION OF AIRCRAFT ARMOR SYSTEMS

## INCREASED MISSION EFFECTIVENESS

S3 AeroDefense is partnered with The Protective Group to offer state-of-the-art, lightweight protection for enhanced operator/mission endurance & effectiveness.

The Protective Group (TPG) currently has over fifty Air Worthiness Certificates with the U.S. Army, Navy and Air Force. They have the broadest range of technology available in the market, and are able to address the most challenging applications with proven and time tested building blocks.

## CONFIGURABLE TO MEET MISSION EQUIPMENT REQUIREMENTS

## WHY CHOOSE THE LEADER IN LIGHTWEIGHT COMPOSITE ARMOR SYSTEMS?

- Weathertight Storage Solutions
- Multidisciplinary Engineering Staff
- Custom Configurations to Fit your Fleet
- Airworthiness Certified by US Army

## ACCESS TO SOLUTIONS INCLUDING:

- H-60 & H-47 Shipsets
- Enhanced Ballistic Armor Protection System (EBAPS) & (H) EBAPS
- Multiple Impact Transparent Armor System (MITAS)
- Advanced Ballistic Stopping System (ABSS)

## ALL SYSTEMS ARE DESIGNED TO MEET THE FOLLOWING REQUIREMENTS:

- Loads and Structures
- Life-cycle and logistical management
- Field maintainability
- PPE compatibility
- Corrosion Control
- NVG compatibility/compliance
- 810G Environmental
- Human Factors

CV-22 OSPREY

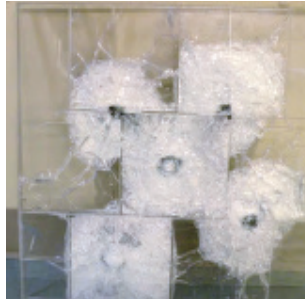

UH-1 IROQUOIS

CH-53 SEA STALLION

UH-60 BLACKHAWK

## MULTIPLE IMPACT TRANSPARENT ARMOR SYSTEM (MITAS)

- NVG compatible
- Shipset (pilot/co-pilot) easily transportable
- Field installable
- Theater relevant, armor piercing & sniper protection
- Provides enhanced operator/mission endurance & effectiveness

DESCRIPTION	PART NUMBER	AIRCRAFT COMPATIBILITY
Enhanced Ballistic Armor Protection System (BAPS)	5082-000-0001-00	UH-60 A/L/M
Enhanced Ballistic Armor Protection System (EBAPS) Storage Container	50820001-WT RevB	UH-60 A/L/M
Multi Impact Transparent Armor System (MITAS) - Right Hand	3082-170-2000-00	UH-60 A/L/M
Multi Impact Transparent Armor System (MITAS) - Left Hand	3082-170-1000-00	UH-60 A/L/M
Hybrid Enhanced Ballistic Armor Protection System (HEBPS)	8081-000-0001-00	CH-47 D/F
Hybrid Enhanced Ballistic Armor Protection System (HEBPS) - Container	8081-881-0000-00	CH-47 D/F
Multi Impact Transparent Armor System (MITAS)	3082-180-4000-00	CH-47 D/F
Ballistic Armor System	D0190-0001 (Cockpit) / D01911-001 (Cabin)	DHC-6

**NO AIRCRAFT MODIFICATION NECESSARY!**

## ENHANCED BALLISTIC ARMOR PROTECTION SYSTEM (EBAPS)

EBAPS was developed in response to weight limitations identified in OIF/OEF. Designed to meet the same ballistic threat as legacy BPS at a lighter weight

- Multi-hit ballistic protection
- Easily removable/installable
- Meets AWR environmental and structural requirements
