C-130 SPARES, REPAIRS & EXCHANGES

S3 AeroDefense is proud to offer select spares, upgrade exchanges, and a full range of repair services for CEF C-130 components and sub-assemblies.

As a globally recognized manufacturer, CEF has over 65 years of experience designing and manufacturing a range of high quality mechanical and electro-mechanical components. Through our strategic partnership, S3 AeroDefense can provide quick TAT's, competitive pricing, OEM quality, and customized exchange and rotatable programs to meet each operator's unique requirements.
