

# LIQUID OXYGEN CART BY ESSEX INDUSTRIES

The 50 Gallon LOX Cart can be used with all Essex LOX Converters, BMOS, BMOS Filling Station, MMOS, NPTLOX and PTLOX.

## INCREASED MOBILITY

A retractable front wheel allows for towing and increased mobility in the field.

## VERSATILE

Works with any portable LOX device having a standard CRU-50 fill connection, including all Essex LOX Converters, BMOS, BMOS-FS, MMOS, NPTLOX and PTLOX.

## EFFICIENT

Features a manual parking brake, lift/tie down rings and an insulated transfer hose.

## QUALIFIED & APPROVED

Meets and/or exceeds functional and environmental requirements of MIL-PRF-38170. It is tested to MIL-STD-810 and conforms to mobility requirements of SAE-A58090 (MIL-M-8090, Type II, Group A equipment).
