

S3 AeroDefense

LIQUID OXYGEN TRAILER BY ESSEX INDUSTRIES

The 500 Gallon LOX Trailer can be used with all Essex LOX Converters, BMOS, BMOS-FS, MMOS, NPTLOX, PTLOX and 50 Gallon LOX Carts.

INCREASED MOBILITY

A retractable front wheel allows for towing and increased mobility in the field.

VERSATILE

Works with any portable LOX device having a standard CRU-50 fill connection, including all Essex LOX Converters, BMOS, BMOS-FS, MMOS, NPTLOX and PTLOX.

EFFICIENT

Features a manual parking brake, lift/tie down rings and an insulated transfer hose.

QUALIFIED & APPROVED

Meets and/or exceeds functional and environmental requirements of MIL-PRF-38170. It is tested to MIL-STD-810 and conforms to mobility requirements of SAE-A58090 (MIL-M-8090, Type II, Group A equipment).
